All of our “Sports Inflatables” combine both speed and accuracy in highly interactive events for all ages.

In our “Soccer Shootout” event, each participant gets (5) chances to kick a soccer ball past the stationary goalie. Each kick is “clocked” by precision radar.

In “Strike Out” participants pitch (5) baseballs at a stationary target.

In “Free Throw Shootout” it’s a race against the clock, as each participant gets (5) chances to make free throws on our outdoor goal.
